

youth are served by the Boys & Girls Clubs of Delaware.

Twelve students were nominated for the honor of Youth of the Year through an intensive local and State level selection process, including the nominees' personal contribution to home and family, community, school and their Boys & Girls Club. The nominees had to prepare two essays explaining why post-high school education is important and what the Club means to them. Additionally, students had to prepare a 3–5-minute speech and have an interview session with a panel of judges. The candidates attended the Youth of the Year Summit, where they received professional guidance regarding public speaking, writing, and interviewing skills.

After winning the Local Youth of the Year Award, Brian moved onto the State level competition, where he refined his essay and prepared for the next round of interviews. Brian was an extremely qualified candidate for the Youth of the Year 2008. As a member of the Appoquinimink Boys & Girls Club, Brian learned communication skills and how one can better service his community. Besides volunteering and participating in the Boys & Girls Club, Brian is a member of the Japanese and Art Clubs, Middletown High School Track Team, and performed in his school's plays and musicals.

Once again, I would like to commend Brian Rosario for being nominated as the Boys & Girls Club of Delaware's Youth of the Year.

CELEBRATING DON BROWN'S LEADERSHIP IN YOUNG LIFE

HON. MICHAEL C. BURGESS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 30, 2008

Mr. BURGESS. Madam Speaker, I rise today to recognize Don Brown for his contribution to the Young Life organization. Following many years of passionate, devoted service to the high school students of North Texas, Mr. Brown is retiring.

Don Brown served as a volunteer for Young Life for seven years prior to taking over as director of the Lewisville/Flower Mound area branch of the organization. Whereas the standard tenure for a leader is five years, Don served as the local director for 30 outstanding years.

Young Life is a non-denominational Christian youth outreach ministry for high school students. In 1938, youth leader Jim Rayburn started a weekly Christian club in Gainesville, Texas; by 1941, it had evolved into a motivational and inspirational group called Young Life. The goal of the organization is to introduce young people to Jesus Christ and to help them grow in their faith. This occurs by creating an atmosphere in which caring adults can build genuine friendships and a connection of faith with the young group members. Young Life depends on the relationships between the leaders and the students to create a strong fellowship within the group, and there is no better example of a successful and devoted Young Life leader than Don Brown.

Mr. Brown facilitates the Young Life assemblies, during which attendees watch skits, sing songs, and learn about Christ. Don also serves as a confidante, mentor and friend to

the students, proving time and again that he is a reliable source of information, advice, and compassion for those interested in learning.

I extend my sincerest congratulations to Mr. Brown on his retirement and commend his dedication and desire to serve the Young Life community. It is an honor to represent such a selfless and civic-minded individual in the 26th District of Texas. I know his commitment to the youth of North Texas will inspire others to follow his lead.

INTRODUCTION OF THE TRUST IN RELIABLE UNDERSTANDING OF CONSUMER COSTS ACT (TRUCC ACT) TO RESTORE FAIRNESS FOR SMALL AND INDEPENDENT TRUCKERS

HON. THOMAS E. PETRI

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 30, 2008

Mr. PETRI. Madam Speaker, today I am introducing legislation that would require that fuel surcharges collected by a motor carrier, broker or freight forwarder be passed through to the person responsible for bearing the cost of the fuel. This is similar to legislation introduced in the Senate by Senators OLYMPIA SNOWE and SHERROD BROWN.

I am introducing this bill in response to comments I have heard from independent truckers and small trucking companies in my district and the State of Wisconsin. They tell me that there are occasions where they must pay for the cost of fuel but the broker or carrier they are working with is not passing on to them fuel charges that are being billed to the shipper.

In normal circumstances, this seems patently unfair, but in this day of \$4.00-plus per gallon diesel fuel, it is unconscionable that a fuel surcharge is being assessed but not passed on to the one actually paying the fuel bill. I have been told by one of my constituents who is an independent trucker who will be appearing in bankruptcy court next month that this inequity contributed to his financial problems. It is not right and it should be corrected.

Diesel is now the largest operating expense that truckers are facing. According to the American Trucking Associations, it is expected that the annual diesel bill for the trucking industry will increase by more than \$22 billion in 2008—from \$112 billion in 2007 to \$135 billion this year.

The trucking industry is primarily small businesses and we have 325,000 independent owner-operators that collectively operate 525,000 trucks in the United States. They are crucial to our economic vitality in delivering goods across the country, but are facing ever-increasing challenges in terms of regulation and costs. The TRUCC Act is the least we can do to send the message and be clear that they should not be disadvantaged from the payments they deserve.
